## **Update October 2009**

The last race of the season saw big winds and broken boats that put all but 2 skippers on the bank and out of the running. Ivan and David took the resulting match race to the end of the event, David's Starkers3 making a better job of handling the 25-30 mph wind.

So, after a season of 21 events the results are in:

Ivan Stevenson takes the RM trophy, The Perkins Challenge Cup with 69 points. Interestingly enough not actually having won an event! Proving that consistency is the key, he missed only one qualifying event.

Andy Stevenson takes the IOM trophy, The Lincoln City Tankard with 91 points and the overall trophy, The Harry Stainton Memorial Rosebowl with 154 points.

Full results can be found on the website <http://www.lmyc.no-ip.co.uk/> as can details of sailing over the winter and updates on next season as they happen.

It's been a good seasons sailing this year. A steady stream of new members and growing interest as well as a few guest skippers has kept numbers on a Sunday morning up. The highlight for me was a 15 skipper turnout for a club IOM event, Ricks Trophy on the 16 August; a fantastic mornings sailing.

We will be hosting a round of the Midlands District IOM Winter Series on 28th February 2010 and there will still be informal racing on Sunday mornings alternating the classes. Check the website for details.

Contact us via the website or call Andy on 01522889682 or Derek on 01522881570 if you have any questions.
